## How to find vehicles using search:

1	Go to V
	Search

ehicles in My Lot. Click in the bar. Search by vehicle ID, equipment type, model, or manufacturer.

Look for the matching criteria highlighted for equipment in the Vehicles list. Use a unique vehicle ID to list a single item; otherwise the list could contain multiple automobiles that match search input.

3

Search for multiple vehicles simultaneously by copying and pasting a list of vehicle IDs using the Paste IDs function in the Search field.

## How to find vehicles using filters:

cognosos

- Go to Vehicles in My Lot or open the Map. Select the Filter option to either create a new filter or to choose a defined filter. Filters listed with a folder icon represent application wide filters (available for all users). Otherwise, the filter is only for the logged in user.
- When defining a new filter, place a checkmark next to each of the criteria desired for the filter results. Use as many filters and combinations as needed to filter the list.
