

## How to attach a tag to a vehicle:

- 1 Go to Vehicles or Tags page in My Lot. Locate auto or tag and select Attach icon from the Actions column on either page.
- 2 Input the vehicle and/or tag ID in the Tag Attachment window (vehicle or tag ID field may auto-populate depending on Step 1). Select Next.
- 3 Set the custom properties for the vehicle. Vehicle details ensure that assets can be easily searched for using a variety of data and identifying information. Click Submit.

Vehicle ID	Vehicle Description	In Zone / Parking Deck	Last Movement Date	Attached To Tag #	Tag Attachment Date	Last Activity Registered Time	Actions
00208		Unknown location	Thu, Aug 29th 2024, 12:07:46 PM 18 days since last movement	1529254	Sun, Feb 27th 2024, 1:00:00 PM 185 days in lot	Fri, Aug 23th 2024, 8:40:12 AM	

Tag ID	Attached to Asset#	Signal	Battery	Firmware	Temperature	Actions
1529254	Not Attached	Has Signal		0.170	35 °C / 95.0 °F

## How to detach a tag from a vehicle:

- 1 Go to Vehicles or Tags in My Lot. Locate auto or tag and select Detach icon from Actions column.
- 2 If initiated from Vehicles page, the Vehicle ID is populated; if from Tags, the Tag ID is populated. Click Confirm to continue.
- 3 You may also perform attach/detach in a single step with the Replace Tag option in Vehicle Details.

Vehicle ID	Vehicle Description	In Zone / Parking Deck	Last Movement Date	Attached To Tag #	Tag Attachment Date	Last Activity Registered Time	Actions
000508943	Railroad Line 1, Trk	Unknown location	Tue, Jul 2nd 2024, 12:46:50 PM (60 days since last movement)	000508943	Thu, May 9th 2024, 3:13:01 PM 133 days in lot	Fri, Aug 30th 2024, 11:54:19 AM	

Detach a tag from a vehicle

Tag ID

Vehicle ID

*Tag status changes to Not Attached, removing the association between tag and vehicle. Vehicle is no longer trackable until a new tag is attached.*
